**Principal:** Mary Harris, LMFT Clinical Director      **Grade Span:** Preschool-Kindergarten

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

**Throughout this document the letters DPL mean data provided by the LEA, and the letters DPC mean data provided by the CDE.**

### School Description and Mission Statement (School Year 2018–19)

This preschool-kindergarten program is for children, ages 3-7, with high-functioning autism, attachment disorders, developmental delays, and processing, learning and emotional difficulties. The developmental, relationship-based treatment approach is accomplished through a combination of educational, sensory-motor, communication, and family systems interventions. In addition to academics the school program includes art, music, movement, and yoga.

Children attend school five days per week, in small language-rich classes, with a 1:2 staff to student ratio and a dedicated multi-disciplinary team of special education teachers and therapists. All parents participate in family therapy, as well as a weekly parent group. School-based occupational and speech and language services are also provided by licensed therapists as needed. When children are ready they are included in our twice-weekly social skills program.

**Mission Statement:** We provide hope to families with young children experiencing significant developmental, social and emotional challenges. In a safe and warm setting, we offer a unique collaborative, educational and therapeutic approach, empowering the entire family to achieve their potential for life-long growth.

**Philosophy:** We strive to maintain an environment that is respectful and supportive of each child's developmental accomplishments, emotional resilience and autonomy. The Center combines compatible theories of children's psychological cognitive development with an attention to individual differences and family processes.

### State Priority: School Climate

#### School Safety Plan (School Year 2018–19)

***Narrative provided by the LEA***

In preparation for an internal or external disaster threat, Cheerful Helpers practices monthly 'Fire/Emergency Drills'. These serve to prepare and somewhat normalize the need for our young special needs children to respond quickly with minimal disregulation and maximized attention to their teacher leading them through our 'Disaster Plan' to the safe and containing outdoor play yard space. There are three accessible and known exits from the building. In the event of an evacuation, we are expected to meet parents at the Wilshire Temple located on Wilshire Boulevard and Hobart or at our second offsite location, Southwestern Law School on Wilshire Boulevard to the East. In the event of a minor injury, school staff will attend to the child and notify parent at pick-up. If a child is seriously injured while at our School, parents or their designees will be immediately notified. In the event that emergent medical care is needed, the child will be taken to Children's Hospital of Los Angeles . In the event that emergent dental care is needed, the child will be taken to a local dentist. Emergency Information Cards with annually updated family contacts, an Emergency Medical Consent Form as well as a 3-day Emergency Pack and food/water supply are all kept available at our school site
